WHEREAS, the nature of the services or contributions of the Government of the United States are such as to justly and lawfully entitle the Government to the hereinafter recited rights and licenses; and

WHEREAS, the Government of the United States has agreed to prepare a patent application covering the above invention and and to file same and prosecute it before the Patent Office at no expense to the inventor(s);

NOW, THEREFORE, in consideration of the premises, the undersigned;

ONE: do(es) hereby grant to the Government of the United States of America as represented by the Secretary of the Army, his successors in office, or designees, a nonexclusive, irrevocable, royalty-free license throughout the world in the above invention and under any patent domestic or foreign which is or may be granted thereon, for the full term thereof and any continuation, continuation-in-part or division of said application and any reissue or extension of any patent granted thereon, to make or have made, to use or have used the invention on behalf of the Government, and to sell or otherwise dispose of in accordance with law any and all articles, machines, or compositions of matter embodying said invention, with power to grant licenses for all governmental purposes including but not limited to power to issue sublicenses in furtherance of the foreign policies of the Government.

TWO: do(es) hereby grant to the United States of America, as represented by the Secretary of the Army, his successors in office, or designees, the irrevocable and exclusive power to prosecute the application for United States patent on said invention, including any continuations, and divisions thereof or substitutions therefore; as well as any applications for reissue of any patents issued thereon, with the power to conduct and make adjustments and settlements of any interferences in which any of said applications or patents resulting therefrom may become involved, said power including the right to grant reciprocal royalty-free, nonexclusive licenses in behalf of the inventor(s) and the Government necessary to accomplish said adjustments and settlements;

THREE: do(es) hereby agree to perform upon request all acts required to obtain the grant of Letters Patent on any application under TWO above, and to render effective all other rights herein granted to the Government; and to provide any further personally known information and available documents and to execute any further documents necessary to the prosecution of said patent applications or to the prosecution and settlement of interferences;

FOUR: do(es) further agree, notwithstanding the provisions of ONE above, to assign to the Government upon its request all right, title and interest in said invention in those foreign countries in which the Government, within eight months of the filing of the United States application for patent, determines to cause an application to be filed.

NOTE: The inventor(s) may delete paragraph FOUR by crossing it out and initialing in the margin. (This form may be used for applications filed by the inventor(s) by deleting the second WHEREAS, and paragraphs TWO and THREE.)
