*(Appellant)***SECTION A - APPELLANT'S REQUEST**

I, _____, _____ the undersigned accused, having received a
(Name) *(SSN)*
copy of the decision of the United States Army Court of Criminal Appeals in the above entitled case on the

_____ day of _____, _____, having been fully advised as to my rights to petition the
(Day) *(Month)* *(Year)*

United States Army Court of Criminal Appeals for a grant of review with respect to any matters of law within 60 days under the provisions of the Uniform Code of Military Justice, Article 67(c), and the Manual for Courts-Martial, United States, R.C.M. 1203, and having consulted with legally qualified counsel and being informed that the sentence as affirmed by the United States Army Court of Criminal Appeals will become final unless such a petition is filed, and having determined that I do not desire to petition for or prosecute an appeal to the United States Court of Appeals for the Armed Forces, hereby request for my own convenience that appropriate action be taken to finalize the affirmed sentence without further delay. I fully understand that this request will not operate to extend the period of 60 days in which I may petition for a grant of review, that I may nevertheless so petition within the 60-day period notwithstanding this request. However, if I file a timely petition for a grant of review after having executed this request, any action taken toward effecting my discharge from the Army in reliance upon this request will be revoked, and in such case I will revert to my present status as a member of the Army and such status will not be affected by any purported discharge issued in reliance upon this request.
